

Sunbeam : Serving to Sustain

Sustainability consciousness embedded in the Sunbeam ethos encourages Sunbeams to engage in tackling real world problems at a level where they can see tangible results through their small actions, making them realise that they really can make a difference and in the process embark on a meaningful journey towards realisation of the Sustainable Development Goals (SDGs). The pages of the Sunbeam 2023 calendar showcases how Sunbeam as a socially and environmentally mindful educational group is contributing towards sustainability in its own small but effective way.

• SDG-1 No Poverty • SDG-2 Zero Hunger
• SDG-3 Good Health

The strength of a nation lies in the health and well being of its population. When the mind, body and soul are nourished abundantly, progress is a natural outcome! When the world achieves the goals of Zero Hunger, No Poverty, Good Health, mankind will perhaps be able to create heaven on earth and the Sunbeams firmly support this belief.

For Sunbeams, the Ganges is a constant reminder of the need to preserve, conserve & work towards a clean and green earth. There is a pronounced sensitivity and responsibility towards commitment for the cause of environment which is evident in all actions at school, whether it is closing a running tap, switching off lights and fans when not in use or cleaning the Assi Ghat as community service!
